

# LC Shuttered Adapters

**FIBERTRONICS** 

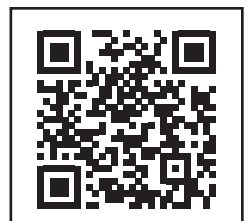

**LC Shuttered Duplex & Quad Adapters are versatile and fit a majority of patch panels, wall-mounts, racks and adapter plates.**

Our shuttered adapters come with a spring-loaded shutter on the external side of the adapter. This shutter prevents eye hazards and keeps the sleeve free of dirt and debris when not in use. Standard plug-style dust caps are installed in rear-facing side.

## Features & Specifications

- LC Shuttered Duplex Adapters fit a standard SC Simplex footprint
- LC Shuttered Quad Adapters fit a standard SC Duplex footprint
- Lightweight and durable plastic body
- Integrated mounting clip allows for easy snap-in installation
- Ceramic alignment sleeve for precision mating
- Color coded for rapid fiber mode identification, reduction of errors and mode mismatch
- Reduced signal loss
- Spring-loaded shutter on the external side, plug-style dust caps on rear-facing side
